**This is a Navigation Advisory for Sturgeon Bay, Wisconsin**  
**April 12, 2016**

### **Bayview Bridge to restrict marine traffic during bridge construction**

*Bridge not able to open spring 2016 to June 30, 2016*

The Wisconsin Department of Transportation (WisDOT) is announcing upcoming marine traffic impacts at the Bayview Bridge over the Sturgeon Bay Ship Canal in Sturgeon Bay, Wis.

WisDOT will be performing construction work on the Bayview Bridge from spring 2016 (weather dependent) to June 30, 2016. During this construction, the Bayview Bridge will be in the CLOSED position. Operators will NOT have the ability to open the bridge during this timeframe. Please be aware, vertical clearance underneath the bridge will be restricted during construction operations.

Notice of marine impacts will be posted through the United States Coast Guard (USCG) and is posted on the USCG's Local Notice to Mariners (LNV). It is recommended that marine traffic traveling to the area check for the most current information prior to traveling to the area. The LNV link is: <http://www.navcen.uscg.gov/?pageName=InmDistrict&region=9>.

For additional information, contact Jeremy Ashauer, WisDOT Project Manager, 920-412-6381 or [Jeremy.ashauer@dot.wi.gov](mailto:Jeremy.ashauer@dot.wi.gov). Additional information can also be found on the project's 511 website at <http://projects.511wi.gov/bayview/>.
