

PROJECT BRIEF

OCTOBER 14, 2019

Development Roads Project Information

INTERNATIONAL DRIVE TO OPEN TO TRAFFIC

The Wisconsin Department of Transportation (WisDOT) is close to completing the International Drive construction project. As part of this project, International Drive, between WIS 20 and WIS 11, is scheduled to open to traffic.

THE EVENING OF MONDAY, OCTOBER 14:

- Traffic on WIS 11, between International Drive and County H, is scheduled to be shifted to the north onto the newly paved westbound lanes by midnight.

THE EVENING OF TUESDAY, OCTOBER 15:

- International Drive, a new 4-lane concrete roadway connecting WIS 20 and WIS 11, is scheduled to open to traffic by midnight.
- Motorists should be advised that traffic on Louis Sorenson Road, at International Drive, will now be permanently controlled by a two-way stop.

Motorists traveling southbound on International Drive, at WIS 11, will be temporarily controlled by stop signs. New signals at the intersection will be installed in 2020. The speed limit on the newly constructed International Drive is 35 mph.

All work is weather dependent and subject to change.

The project team thanks you for your patience and cooperation throughout this project!
