

PROJECT UPDATE

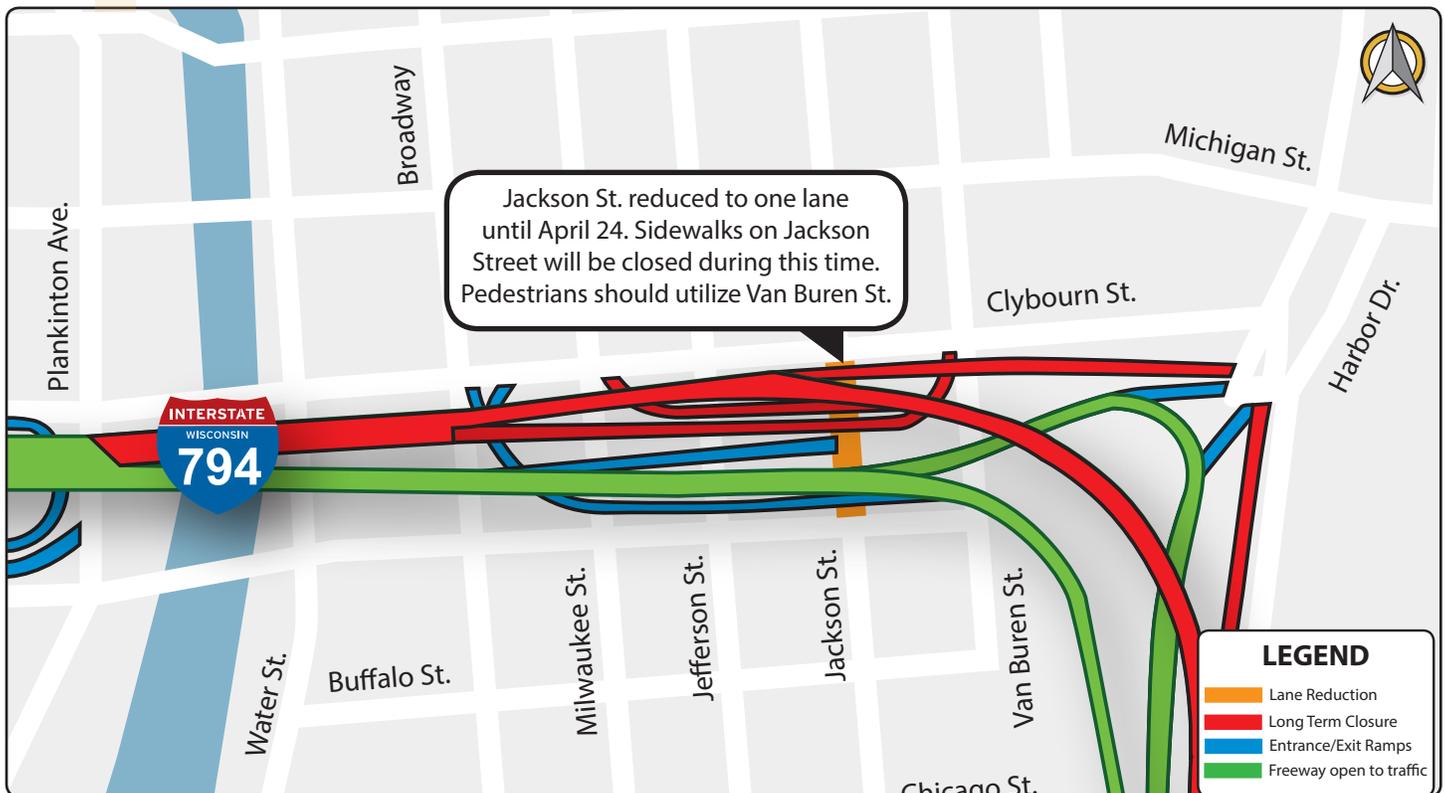

I-794 Lake Freeway/Hoan Bridge Project Information

STORM SEWER WORK TO BEGIN ON JACKSON ST.

On the evening of April 10, crews will begin storm sewer work on Jackson Street. Beginning at 10PM, Jackson Street will be fully closed between Clybourn Street and St. Paul Avenue, and will reopen at 5AM. During this closure, the Jackson Street entrance ramp to I-794 West will also close. Following the overnight closures, access to the Jackson Street entrance ramp to I-794 West will reopen. Additionally, Jackson Street between Clybourn Street and St. Paul Avenue will be reduced to a single lane to allow crews adequate access to the storm sewer area. Jackson Street will remain in this configuration for approximately two weeks. Sidewalks on Jackson Street will be closed during this work. Pedestrians should utilize Van Buren Street to access the Third Ward.

WHAT TO EXPECT DURING CONSTRUCTION

Surrounding construction activities will create noise, dust and ground vibration. Be assured that we will continue to work hard to minimize the impact of these events, but, if you have a concern, please do not hesitate to contact us. The project team appreciates your patience during this period of construction in your neighborhood.
