I-39/90 & WIS 11 (Racine Street) Interchange Public Information Meeting

May 30, 2012, 4:30 p.m. to 6:30 p.m.

City of Janesville, Municipal Building

Project ID 1001-03-04

Rock County

I-39/90 Central Segment Project Team

John Vesperman, WisDOT I-39/90 Corridor Project Manager

John Steiner, WisDOT I-39/90 Corridor Project Supervisor

James Oettinger, WisDOT I-39/90 Central Segment Project Manager

Todd Hertz, KL Engineering, Inc., I-39/90 Central Segment Consultant Project Manager

Project Information and Schedule

The I-39/90 Corridor Team is preparing plans for the I-39/90 and WIS 11 (Racine Street) interchange reconstruction in Rock County. The selected alternative is a diamond interchange with roundabouts. This alternative was selected based on the following intersection control criteria:

- Lower driver delay
- Reduction of severe crashes
- Lower construction cost

Interchange reconstruction is scheduled for 2013. This project is in the preliminary design stages, but has an accelerated schedule with final plans due in November 2012.

Purpose of the meeting

Present the interchange design plans, answer questions, and to gather the public's input.

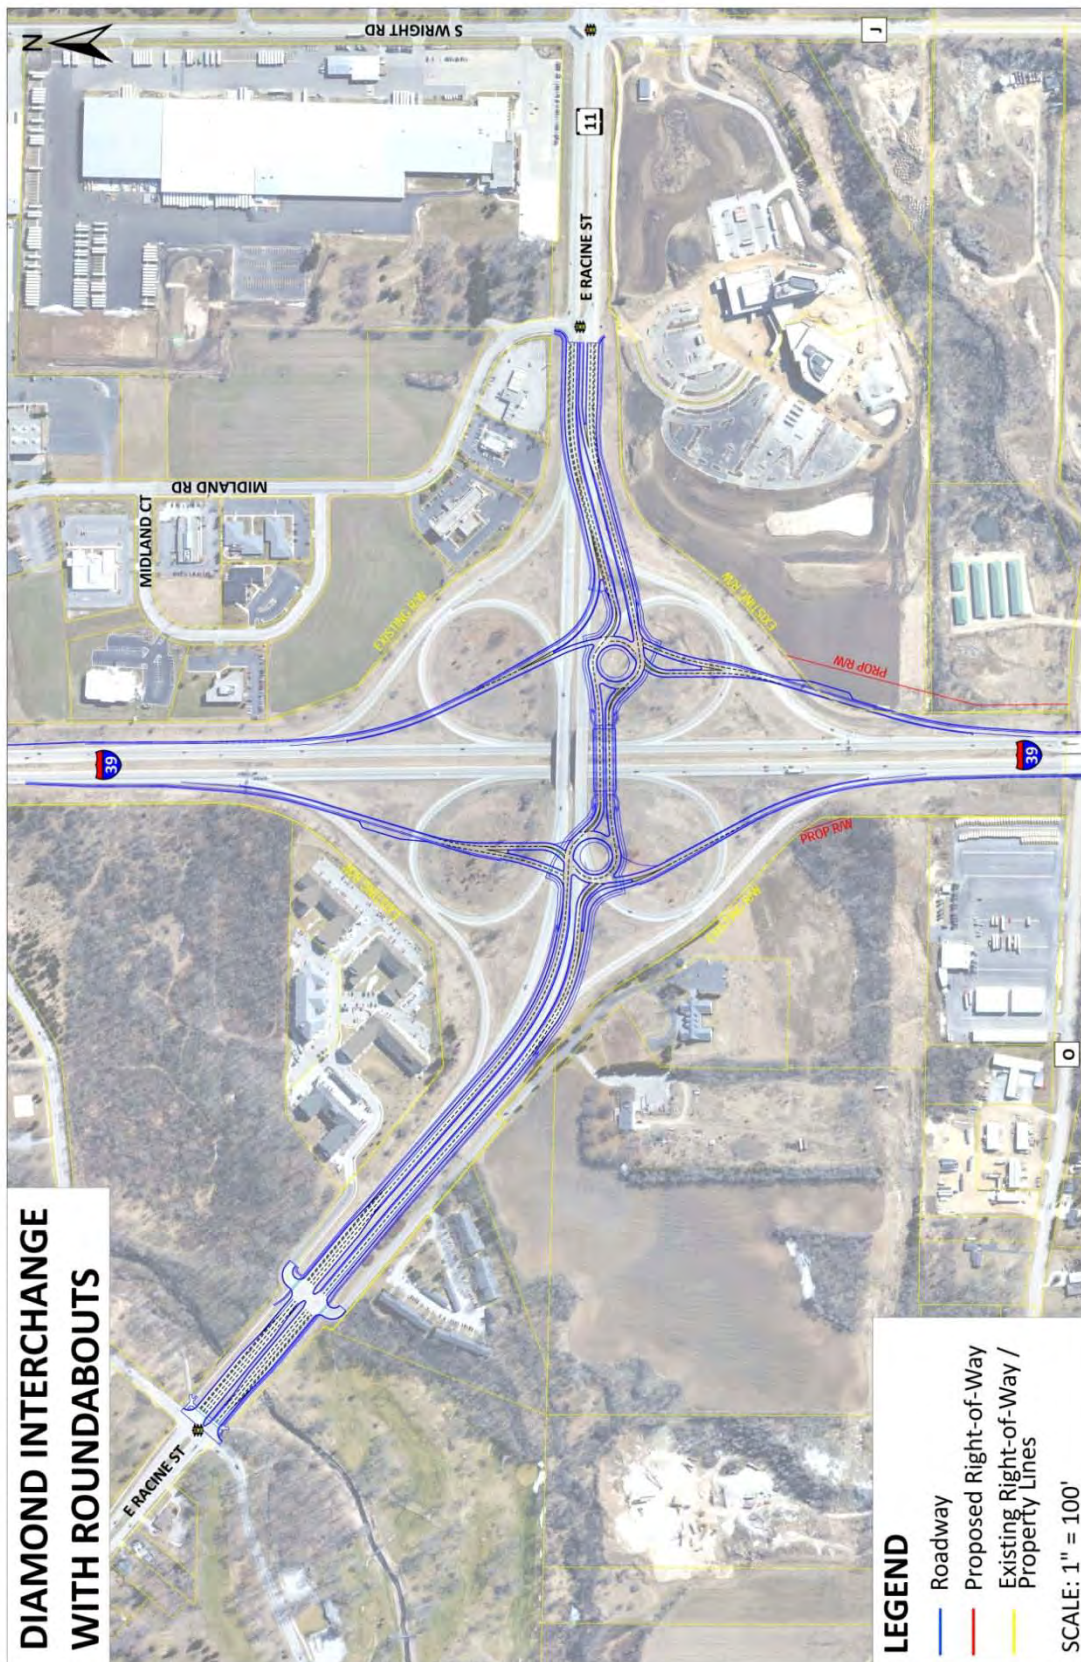

We encourage you to review the displays, visit with the project representatives and ask any questions regarding the project. A comment form is attached to this handout for providing written comments. You may leave your comment form at today's meeting or mail it before June 8, 2012.

If you have questions or would like more information, contact WisDOT I-39/90 Central Segment Project Manager James Oettinger at (608) 246-3879 or James.Oettinger@dot.wi.gov. Or visit us online at www.i39-90.wi.gov.
