

## 2015 CONSTRUCTION

The I-39/90 expansion project is moving forward in all phases including state planning, design and construction. Several portions of the overall project, including the WIS 73 alternate route, the WIS 11 (Racine Street) interchange and the Siggelkow Road bridge have been reconstructed and the team continues to work on design plans for key areas of the project slated for reconstruction in 2016 and later.

### 2015 project activities include:

- County S (Shopiere Road) interchange reconstruction, north of Beloit.  
*Construction: spring 2015 – fall 2015*
- Reconfiguration of the WIS 73 and US 12/18 intersection, near Cambridge and Deerfield, to improve safety in the area.  
*Construction: spring 2015 – fall 2015*
- Improvements to the US 51 and US 14 alternate route, from Janesville to Edgerton.  
*Construction: spring 2015 – fall 2015*
- Reconstruction of the WIS 73/US 51 interchange, near Edgerton to a standard diamond interchange with stop signs.  
*Construction: spring 2015 – fall 2015*
- County BT (Inman Parkway) extension connecting County G to County S.  
*Construction: summer 2015 – summer 2016*
- County G reconstruction, between Huebbe Parkway and WIS 11 west.  
*Construction: summer 2015 – fall 2015*

*February 2015*

# PROJECT SCHEDULE

- Replacement of two overpass bridges.  
County A bridge, north of US 51 interchange;  
Edgerton Road bridge, north of the WIS 73/  
US 51 interchange.

*Construction: summer 2015 – fall 2015*

- WIS 11 (Avalon Road) interchange  
reconstruction, south of Janesville. First  
Diverging Diamond Interchange (DDI) in  
Wisconsin.

*Construction: fall 2015 – fall 2016*

- Rock River bridge reconstruction, south of  
the WIS 59 interchange.

*Construction: fall 2015 – fall 2018*

- Reconstruction of the WIS 59 interchange,  
near Newville, to a diamond interchange with  
roundabouts at the ramp terminals.

*Construction: fall 2015 – fall 2016*

- Work on Interstate 39/90, near the Rock  
River bridges and the WIS 59 interchange.

*Construction: fall 2015 – fall 2018*

**Note: All construction start and end dates are  
subject to change.**

## 2016-2020

- Alternate route improvements will be  
completed.
- Expansion of I-39/90 to continue.
- Ongoing bridge and interchange  
reconstruction.

## 2021

- Construction expected to be completed.
