

I-39/90 Project

2013 Construction Events

Rock County Stakeholder
Advisory Committee

February 20, 2013

Preparing for the future

Interstate Mainline Improvements

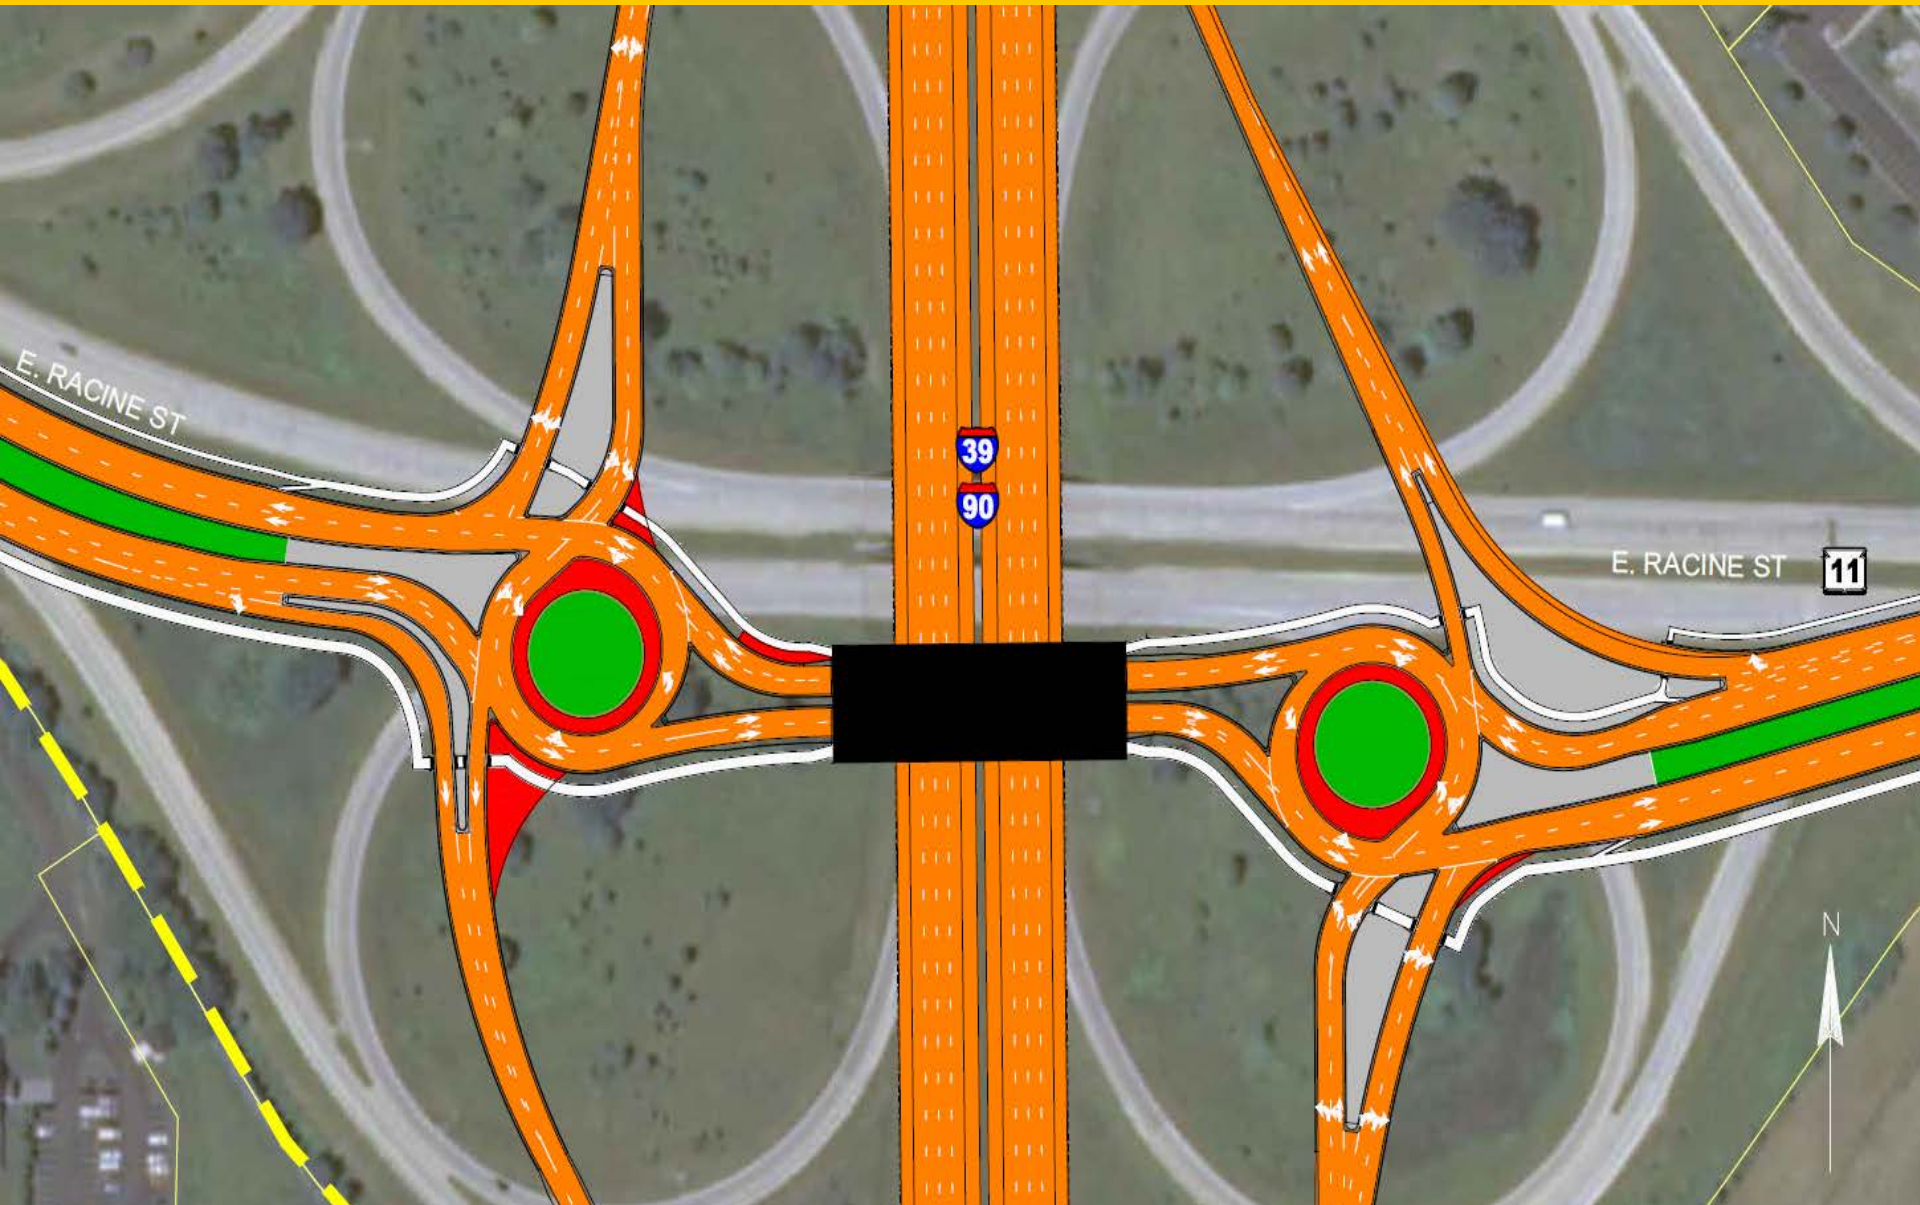

Reconstruct and expand 45 miles of I-39/90 from four to six lanes and reconfigure 11 interchanges

Four to eight lanes from WIS 11 (Avalon Rd.) to WIS 26

WIS 11 (Racine St.) interchange

Roundabout outreach

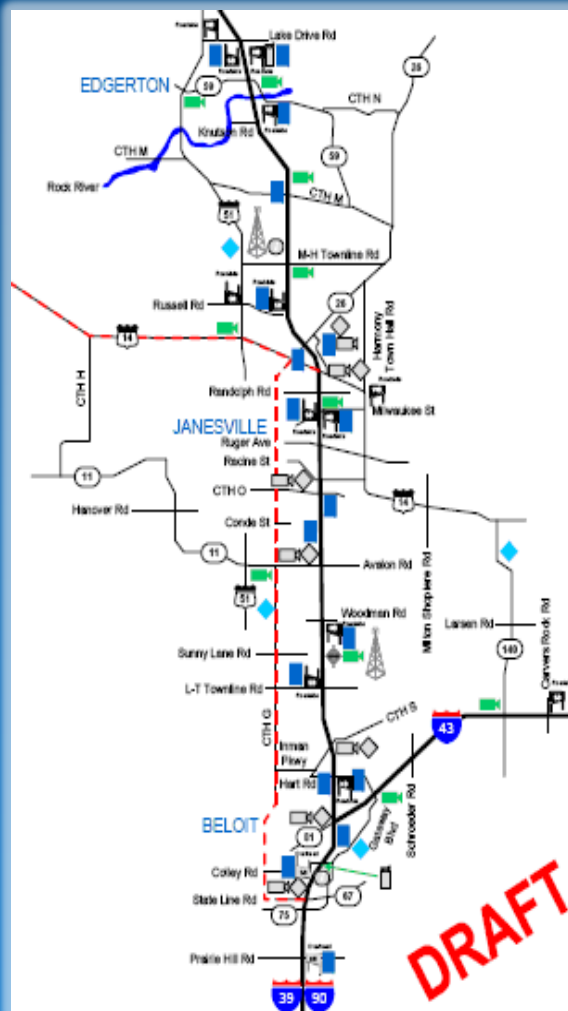

- Project staff are conducting outreach meetings with state legislators, emergency services, area businesses and residents.
- Purpose to educate and inform people about the safety benefits and how to navigate the newly constructed roundabouts specific to their area.
- Upcoming reconstruction at WIS 11 (Racine St.) interchange in June 2013.
- Interchanges with proposed roundabouts:
 - WIS 59 interchange near Milton
 - I-43 & WIS 81 interchange near Beloit

WIS 11 (Racine St.) interchange reconstruction

- 1,000 hours of TrANS Graduate (TG) training available
- 1,750 hours of TrANS Graduate Apprentice (TGA) training available
- With each hour being reimbursed at \$5.00, the total ASP1 reimbursement is \$13,750.00 – roughly enough training time for three TGs and two TGAs.

Intelligent Transportation Systems (ITS)

ITS Legend

- Portable Changeable Message Sign
 - CCTV Camera
 - Traffic Detection
 - Dynamic Message Sign
 - Safety and Weight Enforcement Facility
 - Rest Area
 - State Patrol Communications Tower
 - Road Weather Information System
 - Ramp Closure Gates
 - Bluetooth Reader
 - Fiber Optic Cable
- Components existing/planned by others in gray*

DRAFT

ITS Features

Camera Location: I-39/90 @ WIS 11

County: Rock

Highway: I-39/I-90
