

I-94 North-South (South Segment) Project Update

The Wisconsin Department of Transportation (WisDOT) began reconstruction of the northbound lanes of I-94 North-South (South Segment) from WIS 142 north to WIS 20 in June 2018. Four lanes of traffic in each direction are scheduled to open late 2019.

The following closures are currently in place:

- County E entrance ramp to I-94 WEST (NB) through late 2019
- I-94 EAST (SB) exit ramp to County E through spring 2019
- County E eastbound under I-94 through late 2019
- County KR entrance ramp to I-94 WEST (NB) through late 2018
- I-94 WEST (NB) exit ramp to County KR through late 2018
- County KR under I-94 through summer 2019
- Braun Road under I-94 through late 2019
- WIS 11 entrance ramp to I-94 WEST (NB) through late 2018
- I-94 WEST (NB) exit ramp to WIS 11 through late 2018
- 58th Road under I-94 through late 2019

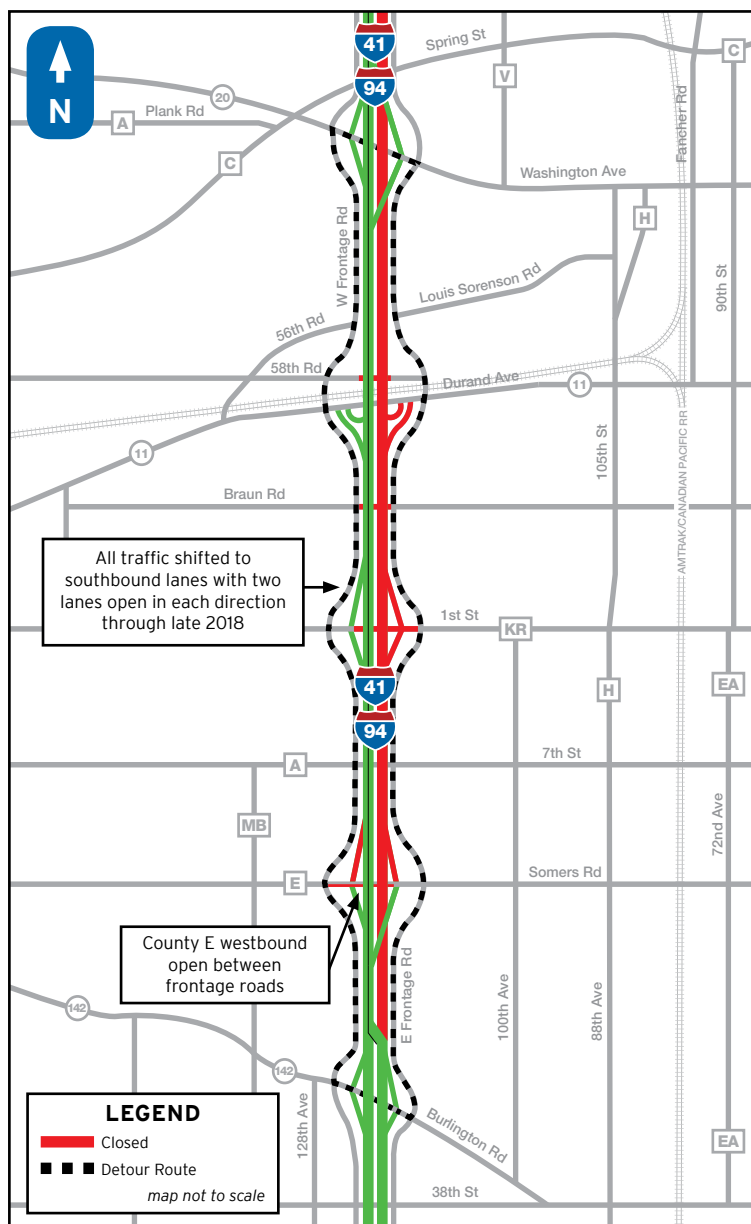

Detour route: Motorists are encouraged to use WIS 142, WIS 20, and the frontage roads to get around the ramp and crossroad closures.

All traffic is shifted to the southbound lanes with two lanes open in each direction through late 2018. Three lanes of traffic in each direction are scheduled to reopen in late 2018.

Please note that all work is weather dependent and subject to change.
