

Population by race was taken from data indicating race alone or in combination with other races (Table P9 from SF1). As a result of these categories not being mutually exclusive, the population obtained by summing all of the racial categories may exceed the total population for any given area. It should also be noted that 'Hispanic' is an ethnic group and not a race category, and is expressed separately from race in the data. Thus, Hispanic persons are also White, Black, etc., in addition to being Hispanic. Total minority population was calculated as the sum of all non-white race groups, plus Hispanics indicating their race as 'White.'

"The Census defines a Family Household as "a householder and one or more people living in the same household who are related to the householder by birth, marriage, or adoption."

#### All of Milwaukee County

Entire county region is not shown.

City of Milw. 23,680 (17.4%)  
Rest of Milw. Cty. 2,774 (3.1%)  
Total 26,454 (11.7%)

#### One-Mile Corridor

City of Milw. 444 (4.5%)  
Rest of Milw. Cty. 120 (2.5%)  
Total 564 (3.8%)

#### Quarter-Mile Corridor

City of Milw. 174 (5.1%)  
Rest of Milw. Cty. 20 (2.4%)  
Total 194 (4.6%)

#### As Percentage of Total Population

0 6,000 Feet

The corridor population is estimated by utilizing the Census 2000 population counts. This count is then converted into a population density based on the SEWRPC Regional Land Use Inventory 2000 for each Census Block. The estimated population is then computed based on the amount of residential land within the I-94 corridor.
