Van Buren Street – Long-Term Lane Closure and Overnight Ramp Closures

In coordination with the City, construction of the Westin Hotel continues on the east side of Van Buren St between Clybourn St and Michigan St. Starting Monday, October 17, watermain work will begin within the roadway footprint. To allow for the work, please note the following restrictions:

- Daytime Restrictions:** Van Buren St will be reduced to two northbound lanes within this city block. The I-794 exit ramp to Van Buren will be reduced to two lanes. Access from the ramp to eastbound and westbound Clybourn St and Jackson St will be maintained. We encourage motorists to consider the St. Paul Ave/James Lovell St, Plankinton, and Lincoln Memorial Dr exits as alternative access routes to downtown. Please note, parking will be eliminated along both sides of Van Buren St to accommodate equipment and active traffic lanes.
- Overnight Restrictions:** The overnight ramp restrictions will close the northbound movement from the I-794 exit ramp to Van Buren St, restricting traffic on that ramp to either Jackson St or westbound Clybourn St.
