

"Freepoint Connection" now closed

The temporary roadway under Verona Road (US 18/151), adjacent to the Southwest Commuter Path, is now closed. It was built for local access during last year's construction.

An alternate route option is shown in purple. Starting on the East Frontage Road, travel through the roundabout to the west side of Verona Road; turn right near the bank and then merge onto Verona Road southbound toward Raymond Road. The fourth leg of the roundabout by U-Haul (shown with red "X"s) should be completed by mid-June 2015.
