News & Updates...

Greetings from the Wisconsin Department of Transportation

Listed below are a few updates regarding the West Waukesha Bypass project work through mid-August.

Please note that all work is weather dependent and subject to change.

Ongoing Corridor Work Activities:

- Utility work continues along the corridor.
- Storm sewer work along the corridor will continue through early August.
- Grading and excavating.

Paving Operations:

- As part of the project, crews have scheduled paving operations to begin Monday, July 24, which will include nighttime saw cutting from Rolling Ridge Drive to just south of Northview Road.

Storm Sewer Operations:

- As part of the project, crews will be installing storm sewers across Meadowbrook Road (County TT) and will require multiple overnight closures. Details will be sent closer to the work being performed.

The project team thanks you for your patience and understanding throughout this project!
