

2015 construction

Construction on the WIS 441 Project is now 16 percent complete. The Appleton Road interchange was recently completed and opened. Other 2015 construction progress includes work on the I-41 system interchange, Racine Road interchange, and construction of the second parallel bridge over Little Lake Butte des Morts.

2016 preview

Progress will continue in 2016 as the new Little Lake Butte des Morts bridge is completed. Reconditioning work on the existing structure will begin in October 2016. The Racine Road interchange is expected to be completed in 2016. Construction is also scheduled to start on the new westbound US 10 structure over I-41 and the new structure for westbound US 10 to northbound I-41.

Business resources

WisDOT’s “In This Together” kit provides resources to help businesses stay connected with customers during construction. For information and tools to help businesses during construction, please visit the website projects.511wi.gov/wis441/business-resources.

Highway business signing

With WIS 441 construction under way, businesses should continue coordinating signs with other area businesses. To simplify the signing process for businesses, WisDOT’s project construction leader will be the primary point of contact and will facilitate business signing coordination with municipalities. Businesses can contact the WIS 441 project construction office for project construction leader contact information.

WIS 441 project construction office

Today’s meeting is at the WIS 441 project construction office. This space is used as workspace and for public meetings, and as a central point-of-contact for information about construction on the project. The office is at W6214 Aerotech Drive in Appleton, and can be reached at (920) 832-1777.

WELCOME to the WIS 441 TRI-COUNTY PROJECT

Fall 2015 Local Officials Meeting

FRIDAY, OCT. 9, 2015

Meeting from 8-9:30 a.m. | Brief presentation at 8:15 a.m.

Welcome

The Wisconsin Department of Transportation (WisDOT) will provide up-to-date information about the WIS 441 Project. The focus of today’s meeting will include providing officials:

- Specific updates to the WIS 441 project schedule following Act 55
- Results of the noise barrier votes
- Preview of 2016 construction

There will be a brief presentation at 8:15 a.m. Following the presentation, please feel free to ask questions and review exhibits. Project staff and exhibits will also be available in the adjacent conference room. WisDOT will continue to host meetings for local officials throughout the duration of the project to keep you informed about design plans and the construction schedule at key project milestones.

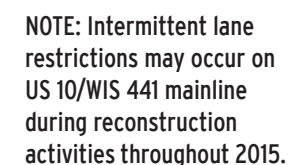

Project schedule: County CB to Oneida Street
