## Business resources

WisDOT's "In This Together" kit provides resources to help businesses stay connected with customers during construction.

Please see [projects.511wi.gov/wis441/business-resources](https://projects.511wi.gov/wis441/business-resources) for information and tools to help businesses during construction.

## Highway business signing

With WIS 441 construction underway, businesses should continue coordinating business signs with other area businesses. To simplify the signing process for businesses, WisDOT's project construction leader will be the primary point of contact and will facilitate business signing coordination with municipalities. Businesses can contact the WIS 441 project construction office for project construction leader contact information.
