

WIS 67 (SUMMIT AVENUE) PROJECT

Last Updated: December 16, 2015

News & Updates...

Greetings from the Wisconsin Department of Transportation!

As part of Wisconsin Department of Transportation's (WisDOT) WIS 67 reconstruction project, listed below are a few project updates:

- WIS 67 northbound recently reopened to two lanes of traffic from Oconomowoc Parkway to Thackeray Trail.
- Two lanes of traffic on WIS 67 will be maintained in both directions from Thackeray Trail south to Oconomowoc Drive.
- Traffic on all side roads east and west of WIS 67 have been switched back to their respective lanes.

WIS 67 mainline and side roads will remain in this configuration until early spring 2016.

Crews will continue some minor electrical work and landscape restoration over the next few weeks.

As a reminder, traffic on WIS 67 just south of Oconomowoc Drive to just north of Blue Ribbon Drive (over I-94) will remain one lane in each direction while crews reconstruct the WIS 67 northbound bridge over I-94 during the winter months.

The project team thanks you for your patience and understanding throughout this project!
