

Project BRIEF

WIS 67 Reconstruction Project Update

As part of Wisconsin Department of Transportation's (WisDOT) WIS 67 reconstruction project, the upcoming project work is scheduled for the next phase of this project.

Please note that all work is weather dependent and subject to change.

Night of Thursday, December 3, 2015:

- WIS 67 southbound traffic is scheduled to open to two (2) lanes on the newly paved southbound lanes from Thackeray Trail to Oconomowoc Parkway.
- Traffic on all side roads east and west of WIS 67 will be switched back to their respective lanes.

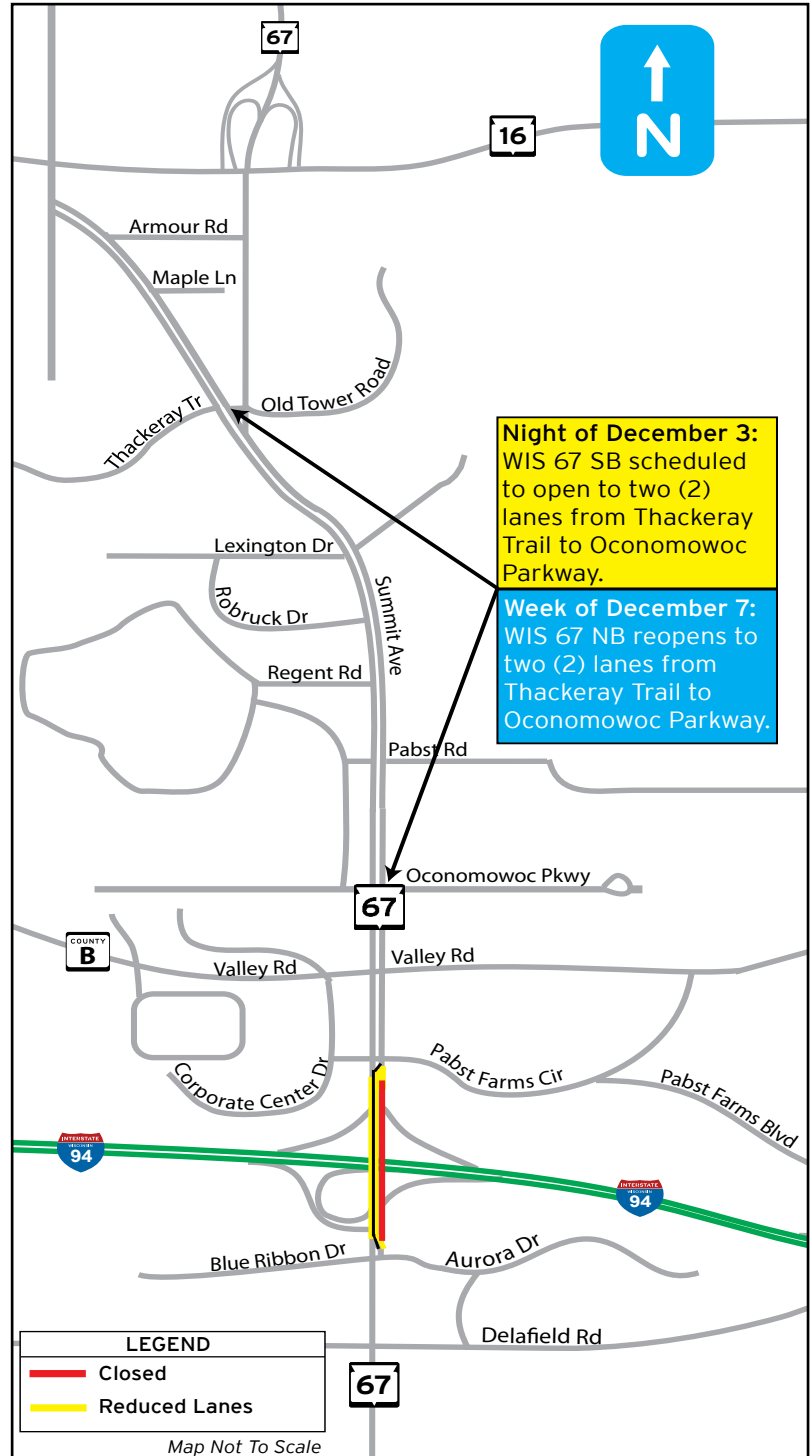

Week of December 7, 2015:

- WIS 67 northbound is scheduled to reopen to two (2) lanes of traffic from Thackeray Trail to Oconomowoc Parkway.

WIS 67 will remain in this configuration until early spring 2016.

As a reminder, traffic on WIS 67 just south of Oconomowoc Drive to just north of Blue Ribbon Drive (over I-94) will remain one lane in each direction while crews reconstruct the WIS 67 northbound bridge over I-94.

The project team thanks you for your patience and cooperation during the 2015 construction season.
