

I-94 WEST TRAFFIC SWITCH

As part of the Zoo Interchange project, a major traffic switch on I-94 West, between 84th Street and WIS 100, will take place the week of May 7. With this traffic switch, the westbound 84th Street entrance ramp will only be accessible to I-41 North through late 2017. To access I-94 West, drivers are encouraged to enter the freeway at 70th Street, or take Bluemound Road to Moorland Road.

Drivers should also note that during this time, the decision point to travel to I-41 North, from I-94 West, will occur 1/2 mile earlier.

Please note that your GPS may not yet be up to date with the new freeway design, so watch directional signage closely. As always, plan ahead, allow for extra time, and watch directional signage closely.

****All work is weather dependent and subject to change***
