

PROJECT UPDATE

ACCESS TO THE WESTBOUND EXIT RAMP TO WIS 100, FROM I-41 SOUTH, TO CLOSE LONG-TERM

As part of the Zoo Interchange project, access to the westbound exit ramp to WIS 100, from I-41 South, will close long-term on Saturday, June 3. This ramp has only been available from the I-41 South to I-94 West ramp since late 2015. The westbound WIS 100 exit ramp will remain closed until fall 2017. Motorists should utilize the following alternate route to get around the closure:

- I-41 South to Bluemound Road exit ramp. West on Bluemound Road to WIS 100

Please note that your GPS may not yet be up to date with the new freeway design, so watch directional signage closely. As always, plan ahead and allow for extra time.
