

## BLUEMOUND ROAD RAMP TO I-41 NORTH TO OPEN

As part of the Zoo Interchange project, the Bluemound Road entrance ramp to I-41 Northbound will open to traffic on Friday, December 23. This ramp will open as an auxiliary lane to the Watertown Plank Road exit ramp so traffic wishing to travel north on I-41 will need to merge left.

Traffic utilizing WIS 100 to I-41 North should continue to use Watertown Plank Road during peak travel times. There will be periodical ramp closures as crews work to construct the new Wisconsin Avenue bridge, over I-41, in the near future.

Please note that your GPS may not yet be up to date with the new freeway design, so watch directional signage closely.
