

WISCONSIN AVENUE, OVER I-41, TO OPEN

LEGEND

- Closed
- Entrance/Exit Ramps
- Freeway
- Ramp Restriction

As part of the Zoo Interchange project, the Wisconsin Avenue bridge, over I-41, is scheduled to reopen to traffic by Memorial Day weekend. A new traffic signal will be located at the intersection of Wisconsin Avenue and 95th Street. Also, 97th Street will remain a dead end street from Wisconsin Avenue. 95th Street can be used for access between Bluemound Road and Wisconsin Avenue.

As a reminder, the I-41 entrance and exit ramps to/from Wisconsin Avenue permanently closed in late fall 2014. Motorists should now utilize the entrance and exit ramps at Watertown Plank Road or Bluemound Road. The schedule for the remaining ramps to open at Bluemound Road is as follows:

- Bluemound Road entrance ramp to I-41 South to open fall 2017 (ramp not accessible to I-94 East or West)
- I-41 North exit ramp to Bluemound Road to open spring 2018 (ramp not accessible from I-94 East or West)

****All work is weather dependent and subject to change***
