

PROJECT UPDATE

PARKING RESTRICTIONS ON GREENFIELD AVENUE

In preparation for upcoming lane restrictions on I-94 West, westbound Greenfield Avenue, from 84th Street to 92nd Street, will become two through-lanes of traffic, from 3-6pm daily. This will eliminate the parking lane during these hours. Beginning in early October, crews will begin pavement marking operations to prepare for this transition. This will be a long-term traffic configuration. 'No Parking' signs will be posted in the area and parking restrictions will be enforced by the West Allis Police Department.

The project team appreciates your patience during this period of construction in your neighborhood.
