

# PROJECT UPDATE

## WIS 241: Bottsford Avenue to Howard Avenue Milwaukee County

The Wisconsin Department of Transportation continues progress on the WIS 241 (27<sup>th</sup> Street) resurfacing project, from Bottsford Avenue to Howard Avenue. The project is scheduled to be completed by mid-summer.

Sent: May 2026

A new traffic pattern is scheduled to begin on **Tuesday, June 2, 2026**:

- Traffic will be reduced from two lanes to one lane in the northbound and southbound directions of WIS 241 (27<sup>th</sup> Street) within the project limits.
- This traffic shift will allow access for milling and paving operations

### Traffic Impacts

WIS 241 (27<sup>th</sup> Street) will be reduced to one lane in each direction within the work zone for approximately one (1) month, weather depending.

- Access to local residences and businesses will be maintained.
- New lane reductions may result in traffic delays, specifically during peak travel hours.
