Public involvement meeting announced for proposed improvements to I-43 Rest Areas in Manitowoc County

Public comments sought for Rest Area replacement project

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Bureau of Highway Maintenance (BHM) announces an I-43 Rest Area Replacement Project live, online public involvement meeting on Wednesday, October 12, 2022. The meeting will discuss proposed improvements at WisDOT-owned Rest Areas along I-43 in Manitowoc County, just south of the Brown County line. Rest Area 51 is located on southbound I-43. Rest Area 52 is located on the northbound side of the interstate.

The purpose of this public meeting is to provide information regarding the proposed replacement of both rest areas and ancillary construction to the parking lots and facility services, discuss the purpose and need, describe potential impacts construction would have on the community and traveling public, and offer an opportunity for public comment.

The public meeting will be held live via Microsoft Teams and accessed by going to the new I-43 Rest Area Project website (below) at the time of the meeting. BHM engineers and project staff will share maps, displays and exhibits via a live presentation. A live comment, question and answer period will follow the live presentation.

I-43 Rest Area Improvements: Live, Online Public Involvement Meeting

- **When:** 5 p.m., Wednesday, October 12, 2022
- **For full video and audio:** Access the meeting via computer or mobile device going to the project website and click the “Join Meeting” link at the start of the meeting.
 - I-43 Rest Area website: <https://projects.511wi.gov/i43greenbay/>

- **For audio-only:** You can call into the meeting via phone. You will hear the presentation and be able to ask questions. Use the number and ID below to access meeting.
 - Conference Call Number: (872) 240-1286, Phone Conference ID: 34697281#

The project website also includes improvement information, displays, maps, exhibits and various methods to provide project comments to project staff to be considered during design.
