Greetings from the Wisconsin Department of Transportation!

The Wisconsin Department of Transportation (WisDOT) would like to inform travelers about upcoming construction activities over the next couple weeks:

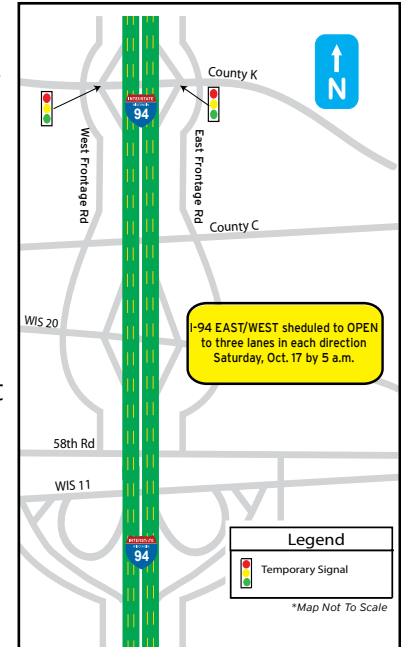

All work is weather dependent and subject to change.

Saturday, October 17

- Crews are preparing to re-open I-94 EAST/WEST to three lanes of traffic in each direction by 5 a.m. Saturday morning.

Additionally, crews will require intermittent I-94 shoulder and ramp restrictions and WIS 20 lane closures for final grading, restoration and other miscellaneous activities required for project completion.

The project team thanks you for your patience and cooperation throughout this project.
