

State Project ID: 3080-01-78
USH 12
CTH W/Oak Park Intersection
Dane County

Update Date: 7/10/2026

Project Weekly Update (USH 12 Construction)

General Project Information: The USH 12 intersection reconstruction project shall consist of grading, base aggregate, culvert replacement, concrete pavement, asphalt pavement, concrete curb and gutter, storm sewer, permanent signing, pavement marking, street lighting, traffic control to convert the existing intersection into a single lane roundabout.

Project Schedule:

- Begin Construction 4/13/2026
- 80 Working Day Contract
- Complete Mid-August

Current Stage / Traffic Impacts:

- **Tuesday July 7th traffic switched into the stage 3 configuration.** All traffic is traveling on newly constructed lanes.
- **CTH W is CLOSED to thru traffic during Stage 3.**
- **OAK PARK ROAD will remain CLOSED to Traffic during Stage 3**
- **There is a signed detour to route traffic back to CTH W utilizing STH 73 heading south, then heading west on CTH B and then North on CTH W.**
- **See the last page of this Update for a map of the detour.**
- **A Speed Reduction through the project limits will be in place. We are reducing speeds to 45 MPH through the construction zone for stage 3.**

Work completed this week (week of 7/6/2026)

- Switched to stage 3 of the construction project.
- Concrete Removed and Grading underway

Work scheduled for the next week (week of 7/13/2026)

- Continue Grading
- Storm Sewer

Please be alert when traveling through the construction corridor and thank you again for your patience throughout the construction season!
