WIS 55/US 151 project restarts May 18 in Calumet County

Full closure of WIS 55 begins for structure work

(Stockbridge) The Wisconsin Department of Transportation (WisDOT) Northeast Region announces construction resumes on Monday, May 18, 2026, on WIS 55 from County E in the village of Stockbridge to US 151 in the town of Stockbridge, Calumet County.

US 151/WIS 55 Project improvements

This work is part of a multi-year, structure replacement project on US 151 and WIS 55 that began in August 2025. The projects will replace a bridge, box culverts, and pipe culverts along WIS 55 and US 151 from the south county line to Stockbridge. These are spot replacements.

2026 construction

Construction will begin Monday, May 18 and is expected to finish in mid-October. WisDOT will replace six structures (five box culverts and one pipe culvert) on WIS 55 between County E and US 151 in Stockbridge. Beam guard will also be replaced. Please see the project 511 construction information website for maps, displays, and more project information.

- US 151/WIS 55 511 website: <https://projects.511wi.gov/us151wis55/full-project-overview/>

2026 traffic impacts

WIS 55 will be CLOSED AND DETOURED between County E and US 151 beginning May 18, 2026 and ending in mid-October 2026.

- **Detour:** A signed detour route will direct motorists to use County E, WIS 32, and US 151.

Temporary business signing

Temporary business signing may be placed during the detoured portion of the project by filling out a WisDOT temporary business signing permit. The permit is free. You can also download a permit on the project website.

Business resources

For more information on business resources during highway work, please see WisDOT's business resource page, In This Together at <https://wisconsindot.gov/Together>

Work completed in 2025

- The existing box culvert between Enterprise Street and School Street on WIS 55 in Stockbridge was replaced with a bridge (2025 construction).
- The existing box culvert between Indian Road and County HHH in Brothertown was replaced (2025 construction).

More information

- During construction, this project's construction operations and traffic impacts will be featured weekly on the Northeast Region Weekly Highway Construction Advisory at <https://projects.511wi.gov/weeklyupdates-ne/>
