State Project ID: 5845-16-77 Update Date: November 26, 2025
US 51
Larson Beach Rd to Voges Rd
Dane County

Project Weekly Update
(US 51 Construction)

General Project Information – The US 51 project includes replacing the existing concrete pavement on US 51 northbound and southbound between Larson Beach Road and Voges Road. Reconstructing the US 51 southbound bridge over Taylor Road, Lower Yahara River Trail and the Wisconsin and Southern Railroad. Constructing single lane roundabouts at the Siggelkow Road ramp terminals and the addition of auxiliary lanes to US 51 north of Siggelkow Road. The project includes removals, excavations, base aggregate, concrete pavement, HMA pavement, concrete curb and gutter, concrete sidewalk, bridge and retaining wall structures, storm sewer, MGS guardrail, temporary shoring, erosion control, traffic control, restoration, pavement marking, permanent signing and street lighting.

Project Schedule - Overall Completion Date: November 26, 2025

Current Stage / Traffic Impacts: Substantial Completion - All lanes of US 51 northbound and southbound along with the Siggelkow Rd. interchange ramps are open. Siggelkow Rd. opened to eastbound and westbound traffic on November 26, 2025, and access to all ramps at the US 51 interchange is now available.

- The majority of work on the project will end for the season; however, there will be a few minor work items that may continue into December of 2025.
- Please note that with the late season completion of the project, there may be a need to complete some minor restoration and punchlist work in the spring of 2026. These final work operations will result in minimal impacts on traffic.

Work the remainder of this week (week of 11/24/2025)

- No work on the project is anticipated to occur between noon on November 26, 2025, and Monday December 1, 2025, during the Thanksgiving Holiday.

Work scheduled for the next week (week of 12/1/2025)

- All lanes of US 51, all ramps at the Siggelkow interchange and eastbound and westbound traffic on Siggelkow Rd. will remain open to traffic.
- Crews will be performing minor restoration and punchlist work as weather allows.
- Shoulder closures or off-peak single lane closures of northbound and southbound US 51 may be required during the week. Short-term stoppages / traffic flagging of Siggelkow Rd. may also be necessary to complete restoration and punchlist items.
- Crews will continue removing traffic control devices from roadways within the project limits as punchlist work is completed.

Please be alert when traveling the US 51 corridor and thank you again for your patience throughout the construction season!
