

# NORTH LEG PROJECT

## I-41 TRAFFIC SWITCH | APRIL 2022

Work to reconstruct I-41 North lanes on the Zoo Interchange North Leg Project continues with the following short and long-term impacts scheduled to begin in the next few weeks:

- All I-41 traffic will shift to the current I-41 South roadway in late April to allow reconstruction of the I-41 North lanes.
- I-41 North exit to Mayfair Road will be closed late April through late fall 2022.
- I-41 North exit to Burleigh Street will be closed late April for approximately 3 weeks.
- I-41 North will be reduced to two lanes between Swan Boulevard and North Avenue from early May to mid June. During this time, the Watertown Plank Road entrance ramps to I-41 North will also be closed.

**ALTERNATE ROUTES:** Traffic is encouraged to use Watertown Plank, WIS 100, and Capitol Drive during the I-41 lane closure and associated ramp closures at Mayfair Road and Burleigh Street.

*All closures are weather-dependent and subject to change.*

### ZIPPER MERGE

The project team will implement the use of a zipper merge for the I-41 North lane closure. In order to maximize the benefits of a zipper merge, motorists are encouraged to keep the following tips in mind:

- Utilize all lanes until you reach the merge point.
- Take turns alternating as you merge.
- Slow down and plan for extra time in your commute.
